## Quizlet Username & Password Information

2017-18

**Purpose:** Throughout the course of the school year, you will be doing activities using quizlet.com. This is a very helpful website to learn vocabulary for each chapter. In order to avoid multiple accounts online for the class, write your username and password on this form to ALWAYS have with you in your Spanish binder. Mr. Clark will not have access to your accounts if you do not have your username and/or password; it is your responsibility to have this information with you. Please note that if there is a surprise binder check, you will lose points for NOT having this sheet with you. Keep it with you!

**IMPORTANT: Always keep your password to yourself; do NOT share it with others!**
